Barrie Shaw (a member of the public) requested that Council provide him with an update relating to the following questions put to the Mayor at a meeting of Full Council held on Monday, 2 December 2019:-

1. Will the Mayor of Barry write on behalf of this council to the Vale of Glamorgan Council, Welsh Government and Natural Resources Wales and ask for an update on the full EIA process and outstanding planning permission needed for the Barry Biomass incinerator?
2. Will the Mayor of Barry on behalf of this council write to the First Minister and our elected Assembly Members condemning the commissioning of the biomass incinerator in Barry without the full EIA process and planning permission?

The Chief Officer advised that letters requesting an update of the full EIA process and any outstanding planning permission needed for the Barry Biomass Incinerator had been sent. However, not many replies had been received.

Natural Resources Wales had responded stating that as it was now a planning matter that it was no longer within their remit, advising that

Council should wait to receive a response from Welsh Government instead.

A letter received from Councillor Neil Moore was also read to members. However, it was still not clear to members that the original questions had been answered fully.

Barrie Shaw also requested an update relating to the Council's website and when it would be available to view Full Council agendas on it.

The Chief Officer advised that she hoped it would be live in time for this meeting. However, due to the office relocation and that the website will also need translating to Welsh, it has fallen behind schedule. The Chief Officer advised members that she had a meeting scheduled Friday with the designers and that she was hopeful the website would be ready for translation soon. She also advised that hard copies of the agenda were available for the public to view at Barry Library.

Barrie Shaw responded that he was aware of this. However, when he has attempted to view the Town Council agendas at the Library, staff were unaware of where they were kept. The Chief Officer advised that she would contact the Library to ensure all staff were aware of this.

691. **TREES AT MERTHYR DYFAN CEMETERY**

Members were provided with a report regarding the Trees/Hedgerow, being the hedge that runs East to West across the Southern Cemetery boundary; the boundary is with private residential houses in St. Andrew's Road. Members were asked to discuss the next step for Barry Town Council in relation to approximately 141 trees discussed by the Halls, Cemeteries and Facilities Committee.

Members discussed the report in detail, agreeing that more information was required before they were able to make an informed decision. Members also felt that consultation with residents and the wider public would need to take place.

Members felt that some of the available options did not align with the Council's values of biodiversity and sustainability.

Members agreed that there would need to be budgetary provision made for any potential projects relating to this item and so resolved that £20,000 should be earmarked from the General Reserves to be included in the 2020/21 budget for the purpose of this project.

Councillor Brooks began discussions, stating that Council had aspirations and it was not always clear which projects would be presented to Council for consideration and so it was important that funds were kept available. Councillor Brooks proposed, with Councillor Lloyd-Selby seconding that Barry Town Council commits to raising the precept by 1% through reducing the income to the budget set aside for the Cemetery Roads Programme by £2,000. This would mean a Band D Tax Payer would pay £58.44 per year.

Councillors Bailey and S Hodges as Group Leaders of the opposition supported Councillor Brooks' proposal.

A vote was taken, of which the decision was unanimously in favour of supporting the Leader's proposal.
