The Head of Community Services and Facilities replied that due to staff absences, the team were unable to organise the public consultation in February, but anticipates that it should be issued by the end of March.

RESOLVED: That the report is received and noted.

A231. FACILITIES UPDATE

The Head of Community Services and Facilities presented the report to the Committee.

The Chair noted that his main concern was the issues with the front doors of Town Hall.

The Head of Community Services and Facilities expressed that an important concern was the lack of accessibility, due to one of the doors being bolted shut.

Councillor S Hodges asked if there was a better solution for the front doors, even if at Barry Town Council's expense.

The Head of Community Services and Facilities explained that as a Grade II listed building, it was unlikely that the Council would be able to replace the doors with more modern options. This means that there are limitations on what is possible.

The Chief Officer stated that she would be hesitant for Barry Town Council, as tenants, to organise any work themselves as that might set an expectation for future work.

The Chair expressed a concern regarding safety and security of the foyer area with the doors in their current condition.

The Chief Officer informed the committee that she and the Senior Leadership Team are currently investigating measures to ensure the safety of all Council staff, whether working at the Town Hall offices, the Cemeteries, or remotely.

Councillor Payne said that she had sent information regarding safety personal alarms to the Chief Officer.

RESOLVED: That the report is received and noted.

A232. REPLACEMENT BOUNDARY PLANTING

The Cemeteries Manager presented the report to the committee.

Councillor Hennessy commented that an organisation had recently planted a number of trees on Buttrills' Field, approximately 8 inches from the Cemetery fence. He asked if the Council were to install a hedge along the Cemetery side of the fence, how would the team be able to gain access to maintain the fence.

The Cemeteries Manager noted that the majority of issues with the fence are due to vandalism. A hedge either side would lessen the chances of this occurring but agreed that it would be difficult to access in the event of general wear and tear.

Councillor S Hodges asked if the Cemeteries Manager could contact the Vale of Glamorgan Local Nature Partnership for more information about what they are planting and how far along the fence.

The Cemeteries Manager said he would contact them, noting a good working relationship with them.

The Head of Community Services and Facilities stated that the reason for the Council to plant a hedge would be for control of the space. It would help to ensure privacy for service users, which is the Council's responsibility.

The Chair commented that the Cemetery already has a good-looking, robust hedgerow along most of the boundary. He would like to see a continuation of the existing hedge.

The Cemeteries Manager said that he would like to put in something that is already a metre in height, rather than the small trees that have been planted on the other side of the fence.

The Chair added that anything outside of the fence, the Cemetery has no control over. Within the Cemetery boundary the Council can ensure that something is planted that is effective and professional looking, providing the required privacy for service users.

RESOLVED:

1. That members received and noted the report.
2. That the existing hedgerow is extended along the rest of the Cemetery boundary.

A233. DATE OF NEXT MEETING

RESOLVED: that the next meeting of the Halls, Cemeteries and Community Facilities Committee will be agreed at the Annual Meeting on Tuesday 12 May 2026.
